

It's time to Be Visible

100 Women in Finance seeks to address the under-representation of women in finance, fintech, and investment roles, evolving the public perception of what an expert in these fields looks like. We believe that by increasing the visibility of today's female finance professionals, we are also motivating the next generation of talent to aspire to these roles.

Raise your own visibility and join 100WFinTech Directory.

[100WFinTech Directory](#) is a public directory designed to help conference producers, the media, and young women needing role models to easily identify the senior female leaders and those who are transforming the financial services landscape.
