

A World of Opportunity Awaits you in Mentorship

Do you lead with empathy? Do you enjoy empowering others to pursue career aspirations? Are you thoughtful in how you manage others so they see the big picture and develop broadly as a professional?

About the Virtual LaunchMe Program:

- 12-month virtual mentorship and advocacy program focusing on career opportunities, professional network, essential career skills, and business acumen
- Mentors and mentees are carefully matched and meet 1:1, utilizing a customized development plan aligned with mentee aspirations and mentor guidance
- Mentors and mentees participate in group mentorship activities focused on market and self-development skills that are relevant to both students and professionals
- Program commitment is approximately 2-3 hours per month
- Program runs annually from April-March

Mentor Benefits:

- Further develop and explore leadership skills and enhance emotional intelligence
- Gain experience addressing diverse career needs by mentoring individuals outside of one's organization
- Share insight through the lens of real-life experiences and lessons learned
- Opportunity to guide career-ready students and advocate for new talent entering the industry

Corporate Partner Benefits:

- Hands-on experience for managers addressing diverse needs of individuals, providing guidance on professional development and recognizing the importance of empathy when managing people and teams
- Opportunities for professionals to further develop management style and leadership attributes to be leveraged in a corporate environment
- Access to career-ready candidates to meet hiring needs and promote internship and full-time job opportunities

*Chances are one or more mentors have influenced you throughout your career.
Your insight and experiences will be invaluable for our student members.*
